

LEE YONG HENG

NTU Artificial Intelligence and Society Year 1 Student

I'm interested in how emerging technology can become useful, intuitive, and human. I enjoy experimenting with AI, shaping ideas into frontend experiences, and paying attention to the details that make an interface feel just right.

Education

- 2026 - present | Artificial Intelligence and Society | Nanyang Technological University
- 2024 - 2025 | CIE A Level | Tunku Abdul Rahman University of Management and Technology | 4A*
- 2019 - 2023 | SPM | SMK St. Mary | 8A+ 2A

Technical Skills

- Languages: Python, Java, Kotlin, HTML, CSS, JavaScript
- Tools: Visual Studio Code, Android Studio, GitHub Copilot, Google AI Studio, Google Colab

Projects

- NextStep Hacks 2026 | NightJar
A light pollution map showing areas where bird collisions might occur, helping raise awareness of environmental risks. Built the Report Collision and Lamp Observation Page. In charge of 50% of the UI.
- MAIC Nexus Challenge 2026 | AI City Guardian
A civic reporting website where citizens can submit local issues for attention. Connected the API key and fine-tuned Gemini AI to categorise the issue type, severity, and department from the uploaded image. Improved the UI by standardising the colour, font type, and font size, and using card holders to improve readability.
- Kitahack 2026 | SpendWise AI
A financial app that allows users to set saving goals. In charge of the Analysis Page that shows the user's spending and earnings, allowing them to set feasible target saving goals. Standardised the app's overall colour and style.

Research Paper

- 2025 | AI in Education | Evaluating Cultural Contextualization in AI-generated Grammar Questions: A Study of Malaysian Learners for whom English is a Second Language

Co-curricular Activities

- Sept 2026 - present | Binjai Hall Welfare Subcom
- 2024 | 2-day AI Bootcamp
Understood the concept of Machine Learning, Supervised and Unsupervised Learning. Built a petrol station detector using a YOLO model in Google Colab
- Jan 2022 - Dec 2023 | Band President & Vice President
Organised band camps and farewell events. Joined the 2023 Malaysia National Day Marching Band Parade.

Awards

- 2025 - 2026 | Top in the world in AS Level Mathematics, Top in Malaysia in A Level Mathematics
- 2022 & 2023 | National Robotics Competition State Level | 1st Runner Ups

Work Experience

- Apr 2026 - Jun 2026 | Teaching Assistant | Johan Speaking Academy
Assisted with classroom facilitation, student support, and speaking activities to help create an engaging learning environment.
- May 2024 - Dec 2025 | One-on-one Tutor | Private Tutoring
Taught English and Chinese through personalised lessons shaped around each student's learning pace.
- Mar 2024 - Jun 2024 | Tuition Teacher | Meteor Tuition Centre
Taught English, Malay, and Chinese, supporting students as they developed language skills and confidence.
